

2 December 2009

Dear Colleague

**Mercury Technical Solutions – Testimonial**

Mercury Technical Solutions were originally recommended to us by another Sheffield school when we needed our whiteboard projectors cleaning. Since January 2009 we have used them regularly for cleaning projectors and replacing projector lamps (they fit as well as supply). They are always accommodating and arrange a time that is convenient to us. I have found them to be very helpful and based on my experience I would be happy to recommend Mercury Technical Solutions.

A handwritten signature in black ink, appearing to read "Jo Carter".
